The sales on our market for the week amount to 2662 hds. and the sales since Jan. 1st amount to 76,272 hds. The week just closed marks the lowest range of values of the year for the good to fine grades of burley tobacco. The common grades have about held their own. The manufacturing trade is now in a very depressed condition, and holders of burley tobacco will have to make up their minds to feed the market sparingly or expect very low prices. The following quotations fairly represent our market for new burley.

A Letter from Dripping Spring.

To the Roundabout:

Presuming upon our old acquaintance, I write you a short letter giving you a faint description of this delightful watering place, situated in the mountains two miles from Crab Orchard. I feel it almost a duty to let my friends know of this enjoyable, romantic place. Last year was the first time Drippings was thrown open to the public, although the water has been known, and drunk as the elixir of health for many, many years. The accommodations now are equal, if not superior, to any watering place in Kentucky. The new buildings are situated just at the base of the mountain and can accommodate 150 persons, with everything necessary for health, comfort and pleasure. The fare is unexceptionable—every delicacy of the season, well cooked, well served, and the most accommodating and polite waiters. The greatest recommendation of the place is, that everything is so beautifully clean. You can stand in the pavilion at the rear end of the main building and hold forth your cup and catch the cool, chrysal drops as they flow from a cliff that is covered with beautiful ferns and creeping plants. The water falls into a large stone basin, placed just at the edge of a grotto of ferns and mountain plants. The basin is filled with delicious melons that are served to the guests at 4 o'clock in the afternoon. One hundred mountain is a picturesque building called "The Governor's Lodge." It stands upon a plateau, hewn out of solid slate with a terraced walk leading up to it. This little cottage conceals above the base of the fains two bed rooms and a sitting room with veranda. The proprietor told me it was built especially for the accommodation of Gov. and Mrs. Knott, who are expected here this month. I hope the Governor and his estimable lady will soon be with us. The Governor's courtly manner, his gay repartees and laughable anecdotes would add much to our pleasure. Our highly esteemed and much beloved ex-Governor McCreary and lady have engaged rooms here for the month of August.

The music is fine—Sarlo's celebrated Italian Band. The ball-room is large, ventilated with thirty-eight windows—a hop every night of the season. Ten pins, target shooting and rambling over the mountains are the principal amusements. There are now between forty and fifty guests, and more arriving every day. Mr. Slaughter, the

proprietor, sends his phaetons to the depot twice each day to meet the trains. The guests all seem delighted with this cool, romantic retreat, particularly the children, who vie with each other in praising our agreeable and accommodating host, and his lovely wife. L. J. G.

C. A. NELSON,

From a Minister.

Rev. C. T. Clark, a member of the South Georgia Methodist Conference, writes from Tatnall county, Ga.: "One year ago I was taken with rheumatism and became almost helpless for over three months. All the remedies used seemed to fail until I commenced the use of Swift's Specific. I have taken five bottles, and am perfectly well and sound again. I would have written sooner, but waited to see if the cure was permanent. And now I unhesitatingly recommend S. S. S. as a safe and reliable remedy for rheumatism. I have all confidence in its virtue."

It Never Fails.

I have had blood poison since October, 1885, and obtained no relief from any treatment (and I tried several) until I commenced taking Swift's Specific. In one month I felt as well as I ever had. I also had a good appetite and was entirely free from the pains in my shoulder and head, which had tormented me so long. Now all the sores and swellings from my head are gone. S. W. McCARTER,

Hard Times.

While money is close, wages and prices low, expenses should be cut down in every household. Economy the watch word for mothers, head off doctor bills, by always keeping in the house, a bottle of Dr. Bosanko's Cough and Lung Syrup. Stops a cough instantly, relieves Consumption, cures Croup and pain in the Chest in one night. It is just the remedy for hard times. Price 50 cents and \$1.00. Samples free. Sold by Hughes and Chiles.

AFTER DINNER.

Persons who suffer from Indigestion can arrest the progress of that painful malady by the use of an after-dinner pill, so composed that it will give tone to the stomach, prevent heartburn, roase the liver to healthful action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. AYER'S PILLS are so compounded that their action, though mild, effectually produces the above results. They also, in curing Constipation, remove the cause of Biliousness, Liver Complaint, Kidney Disease, Rheumatism, and many other serious ailments.

AYER'S PILLS

contain no mineral nor poisonous substance, and do not gripe unless the bowels are irritated, and even then their influence is healing. To continue their effect in constipated or chronic cases, they need only be taken in diminishing instead of increasing doses. For seamen, and inhabitants or travelers in sparsely settled countries where physicians are not at hand, they are of inestimable value. There is hardly a sickness they will not alleviate, and in most cases cure, if taken promptly. To young girls just entering upon womanhood, and to women whose period of maternity is drawing to a close, Ayer's Pills, in moderate doses, merely sufficient to ensure regular action of the bowels, will be found of

Incalculable Value.
